Seller score

- ## What is seller score?

- The seller score is a rating system that sellers receive based on their uploaded templates. For every template uploaded, sellers earn 100 seller score points. These points can be used to purchase templates.

- ## How to purchase template with seller score?

- Join our Discord server.
- Open a support ticket.
- In the ticket, mention that you would like to use your seller score to purchase a template.
- Our team will assist you and provide you with the template you desire.
